MIFID II product governance / Professional investors and ECPs only target market - Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes, taking into account the five categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (**ESMA**) on 5 February 2018, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

PRIIPs Regulation / Prohibition of sales to EEA retail investors - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive 2016/97/EU, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

In this Prospectus, unless otherwise specified or the context requires, references to "euro", "EUR" and "€" are to the single currency of the participating member states of the European Economic and Monetary Union.

RISK FACTORS

The following is a summary of certain aspects of the offering of the Notes of which prospective investors should be aware. In addition, in purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming insolvent or unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified below a number of factors which could materially adversely affect its business and ability to make payments due under the Notes.

The presentation of the risk factors of the Issuer is in accordance with the set of rules of the Group taking into account the principle of criticality of the risks for the Group i.e. "very significant", "significant", "moderate", "low" and the risk factors are ordered in each category in decreasing order in terms of significance.

Prior to making an investment decision, prospective investors should consider carefully all of the information set out or incorporated by reference in this Prospectus, including in particular the risk factors set out below. This summary is not intended to be exhaustive and prospective investors should make their own independent evaluations of all investment considerations and should also read the detailed information set out elsewhere in this Prospectus. Terms defined in the "Terms and Conditions of the Notes" shall have the same meaning where used below.

1. Risk factors relating to the Issuer

1.1 Market Risks

Rates risk

The Group is primarily exposed to the risk of fluctuations in euro zone interest rates through its portfolio of fixed rate bonds and committed liabilities.

The Group is exposed to falling interest rates, which leads to an erosion of the rate of return on its portfolios and, if this persists, to reduced margins, particularly on annuity contracts, resulting in reduced solvency. As at 31 December 2018, a 50 basis points decrease in the interest rates would have had a significant negative impact of 19 points on the Group's solvency ratio, while a 50 basis points increase would have resulted in a 13 points increase of the solvency ratio. As at 30 June 2019, the regulatory solvency ratio was 269%. This risk is considered "very significant".

Conversely, a rapid, significant and persistent rise in interest rates could have too slow an impact on the interest paid to policyholders and lead to redemptions on euro savings, which may in turn result in losses on bond portfolios. Ultimately, this redemption risk could also lead to an increased liquidity risk, given the significant portion of cash assets (4.8% of assets) and the moderate weight of assets whose liquidity is not instant, such as real estate (5.6%) and non-listed equities (<1%), as at 31 December 2018 at Group level. However, this risk is considered low.

As at 31 December 2018, the Group's asset portfolio allocation (market value data, excluding unit-linked investments, minority investments and repurchase agreements) were as follows:

- Bonds: 81.4%;
- Equities: 5.8%;
- Cash: 4.8%;
- Real estate: 5.6%; and
- Others: 2.3%.

In current market conditions with low interest rates, rates risk is considered to be "very significant".

Credit risk

The Group is sensitive to significant and generalized widening of spreads on all private and sovereign issuers. Such developments could have a significant negative impact on the Group's solvency. As at 30 June 2019, the regulatory solvency ratio was 269%.

However, the vast majority of the Group's bond portfolio is made up of Eurozone public and private issues, with predominantly AAA, AA and A ratings, representing 73.6%, with BBB ratings representing 25.3% and less than BBB ratings representing 0.3% as at 31 December 2018. Despite the quality of these ratings, given the current financial market background and global environment, this risk is considered "very significant".

Equity risk

The Group is exposed to the risk of loss on the market value of shares due to fluctuations in the financial markets (individual asset position or reflection of wider market movement). As at 31 December 2018, equities represented 5.8% of the Group's assets in terms of economic exposure. As at 31 December 2018, a decrease of 25% in share values would have moderately affected the Group's solvency ratio by 11 points, while an increase of 25% in share values would have resulted in an increase of 9 points in the Group's solvency ratio. As at 30 June 2019, the regulatory solvency ratio was 269%.

This risk is considered "moderate".

Real estate risk

The Group is exposed to real estate risk, reflected by an inadequate return on assets (fall in income and/or realised capital gains) or a decrease in unrealised capital gains (or an increase in unrealised capital losses). Lower yields could have a moderate impact on the net income and a decrease in unrealised capital gains (or an increase in unrealised capital losses) could directly affect the Group's solvency. As at 30 June 2019, the regulatory solvency ratio was 269%.

The Group's real estate assets are held mainly by subsidiaries in France. At 31 December 2018, real estate assets represented 5.6% of the Group's portfolio.

Real estate risk is considered "moderate".

1.2 Insurance Risks

Insurance risks are mitigated in accordance with principles and rules relating to subscription and reserves. These principles and rules specify in particular: the coverage limits and exclusions set pursuant to reinsurance treaties; the monitoring of the portfolio and the tariff level adequacy; the preventive actions including, for example for adverse climate risks, the provision of information to insured municipalities and, as the case may be, to insured individuals, in order to anticipate and deal with such risks; the claims management rules; and the provisioning standards.

Crop risk

As the Group is among the leading agricultural risk insurers on the French market, it is exposed to the risk associated with the occurrence of major, cumulative climatic events affecting insured crops (mainly hailstorm, excess water/flood or drought).

The Group, whose main expertise is agricultural insurance, insures all kinds of crops all over the French territory through its regional mutual funds (*caisses régionales*), and also offers its expertise beyond France (in Turkey, Romania and China). As at 31 December 2018, the areas insured under climate multi-risk insurance in France were divided among the following crops:

- field crops (wheat, maize, rape, etc.): 93.4%;
- viticulture: 4.1%;

- vegetables: 1.6%;
- meadow: 0.4%;
- arboriculture: 0.3%.

A technical loss resulting from the materialization of this risk may have a direct impact on the Group's net income. This risk is considered significant.

However, it is mitigated by risk management measures that have been taken and the effectiveness of reinsurance cover. The adopted external reinsurance scheme is based on stop-loss coverage on retention, completed by quota-share agreement.

Storm risk

The Group is exposed to storm risk causing direct or indirect damage to insured property over a very short time period. The materialization of this risk may have a moderate impact on the Group's net income. The Group's established reinsurance programme enables it to reduce its exposure to this natural risk, which is considered a "moderate" risk. For example, in 2017, the exceptional climatic loss related to the storms Irma and Maria in the Caribbean had a limited impact on the Group's income, since the reinsurance protection measures fulfilled their role: while the gross impact of these events was €330 million, the impact effectively supported by the Group after reinsurance was €38 million in the accounts at the end of December 2017.

Insufficient technical reserves risk

The Group is exposed to the risk of a shortfall in reserves for payable claims and in other technical reserves related to non-life, and non-life health, insurance business. The materialization and extent of the risk may be influenced by internal and external factors.

The Group makes provisions in accordance with applicable accounting and regulatory requirements. However, these reserves do not represent a valuation of the corresponding liabilities, but rather an estimate of the claims amounts, as at a given date, based on actuarial projection techniques. Claims reserves may therefore be subject to change due to the number of variables that influence the final claims cost. These may be of various kinds, such as the intrinsic claims evolution, regulatory changes, jurisprudential trends, changes in the interest rates used to update reserves for annuities. These elements are not always foreseeable, especially on a prospective basis. Actual losses may also differ significantly from the gross reserves initially constituted; potential upward or downward revaluations may therefore have an impact on net income.

Although the probability of materialization of the risk is greatly reduced at Group level thanks to improved diversification between business lines and entities, realization of this risk may have a direct moderate impact on the income and solvency of the Group's entities. As a result, the Group considers the risk of insufficient technical reserves to be "moderate".

Life expectancy risk

The Group is exposed to the risk of an increase in the duration of annuity payments, due to an increase in the life expectancy of annuitants or future annuitants, and therefore to an increase in the mathematical reserves required to be set aside, which has a direct moderate impact on the technical results of annuity insurance products. Changes to the regulatory tables used also have a moderate impact on the increase in reserves for annuities. Life expectancy risk is considered to be "moderate".

1.3 Operational risks

Cyber risk

The steady increase in the number of security incidents (attempted hacking of information systems) demonstrates the potential scale of this emerging risk. Although such attempts have so far not been able to defeat the systems employed by the Group, cyber risk is an omnipresent risk. The main risks feared by the Group are data theft and denial of service (systems saturation) that leads to a significant operation downtime. As part of its activities, the Group has access to the personal data of its customers (banking data, health data, etc.), which are protected in its systems. In addition, the increasing dematerialization of its operations makes the Group even more sensitive to an attack on its information systems. This risk could have a significant material impact the Group's business and reputation. For the Group, cyber risk is considered "significant".

Regulatory change risk

New, or changes to, laws or regulations may have a significant impact on businesses, activities, sectors or markets.

The Group's activity is subject to a detailed regulation and to a thorough control within the countries in which it operates. Such regulation and control are subject to new regulatory or legislative provisions, whether in terms of Solvency 2 related obligations, the IFRS 17 standard relating to the accounting and valuation of insurance contracts, Sapin 2 related obligations, including corruption risks, or the Insurance Distribution Directive (IDD).

The Group is exposed to the risk that changes to laws or regulations, or their jurisprudential interpretation, or new provisions may result in loss due to their adverse impact on the income or performance of Group entities. For example, in 2017, the Group's net income was negatively impacted by €187 million due to exceptional charges related to regulatory changes in France (impact of the state's withdrawal from the funding of legal increases in life annuities, scheduled tax rate reduction and statutory tax surcharge). Given recent and anticipated regulatory developments, the Group considers this risk to be "significant".

Reputational risk

The probability of this risk materializing is plausible insofar as the Group is a major economic player in France (media visibility): it insures 12 million customers, employs 32,000 people and is linked to all sectors of economic activity in France, whether as insurer or investor. This risk is materialized by unfavourable media coverage: for example articles in the press or on the Internet or through a threat in the context of a claim. It may stem from various sources including the Group's financial position, the company management, a health crisis, the lack of advice, a publicised dispute, natural disasters, a brand partnership.

As an example, the rise of consumer programmes with a high TV/radio audience, but also the use of social media, where any customer can voice its opinion, lead to the increase in number of publicised disputes. This trend is worrying, especially since trust is essential to the Group's activity.

Such an event affecting the Group's image or reputation could have a moderate impact on its business or future income. For the Group, reputational risk is considered "moderate".

2. Risk factors relating to the Notes

2.1 Risk factors specific to the nature of the Notes

The Notes are Senior Subordinated Notes

The obligations of the Issuer under the Notes in respect of principal and interest (including any outstanding Arrears of Interest) constitute direct, unconditional, unsecured and ordinarily subordinated obligations of the Issuer and the Notes rank and will rank *pari passu* without any preference among themselves. Subject to applicable law, in the event of the voluntary or judicial liquidation (*liquidation amiable or liquidation judiciaire*) of the Issuer,

bankruptcy proceedings or any other similar proceedings affecting the Issuer or if the Issuer is liquidated for any other reason, the rights of Noteholders to payment under the Notes shall rank in accordance with Article L.228-97 of the French *Code de commerce* as follows:

- (a) junior to the full payment of the unsubordinated creditors (including, for the avoidance of doubt, insurance companies and entities referred to in article R.322-132 of the French *Code des assurances* reinsured by the Issuer and holders of insurance policies issued by such entities);
- (b) junior to subordinated creditors whose claim is expressed by law or by contract to rank senior to Senior Subordinated Obligations;
- (c) *pari passu* with any Senior Subordinated Obligations of the Issuer; and
- (d) senior to any *prêts participatifs* granted to the Issuer or *titres participatifs* issued by the Issuer, any Deeply Subordinated Obligations and any Mutual Certificates.

As a result of their ranking, in the event of incomplete payment of creditors ranking senior to Noteholders (in the context of voluntary or judicial liquidation of the Issuer, bankruptcy proceedings or any other similar proceedings affecting the Issuer), the obligations of the Issuer in connection with the Notes and all payments of principal and interest (including, if relevant, any Arrears of Interest and Additional Interest) will be terminated. Thus, the Noteholders face a significantly higher credit risk than holders of unsubordinated obligations of the Issuer.

Deferrals of interest payments

On any Mandatory Interest Deferral Date (as defined in Condition 1 - Definitions), the Issuer will be obliged to defer payment of all (but not some only) of the interest accrued on the Notes to that date (and any such failure to pay shall not constitute a default by the Issuer for any purpose).

Any interest not paid on a Mandatory Interest Deferral Date and deferred shall so long as it remains outstanding constitute Arrears of Interest and shall be payable subject to the fulfilment of the Conditions to Payment as provided in Condition 4.3 (Interest Deferral) of the Terms and Conditions of the Notes. However, Noteholders will not receive any additional interest or compensation for the compulsory deferral of payment i.e. the resulting Arrears of Interest will not bear interest.

Any actual or anticipated deferral of interest payments would have a significant adverse effect on the market price of the Notes. In addition, as a result of the interest deferral provisions, the market price of the Notes may be more volatile than the market prices of other interest-bearing debt securities that are not subject to such interest deferral provisions, the market price of the Notes may be more sensitive generally to adverse changes in the Issuer's financial condition and investors may receive less interest than initially anticipated or at a later date than initially anticipated.

Notes may be traded with accrued interest which payment may subsequently be deferred

The Notes may trade, and/or the prices for the Notes may appear, in trading systems with accrued interest. Purchasers of Notes in the secondary market may pay a price which reflects such accrued interest on purchase of the Notes. If one or several Interest Payments are deferred, a purchaser of Notes in the secondary market may not be entitled to the accrued interest (or part thereof) reflected in the purchase price of the Notes, which would cause the relevant Noteholders to lose all or part of the value of their investment in the Notes.

The Solvency Capital Requirement ratio will be affected by the Issuer's or the Group's business decisions and, in making such decisions, the Issuer's and/or the Group's interests may not be aligned with those of the Noteholders.

The Solvency Capital Requirement ratio (269% as at 30 June 2019) and Minimum Capital Requirement ratio (344% as at 30 June 2019) could be affected by a number of factors. It will also depend on the Issuer's or the Group's decisions relating to its businesses and operations, as well as the management of its capital position. The Issuer will have no obligation to consider the interests of the Noteholders in connection with the strategic decisions of the Group, including in respect of capital management. Noteholders will not have any claim against the Issuer or any other member of the Group relating to decisions that affect the business and operations of the Group, including its capital position. Such decisions would likely negatively impact the value of the Notes.

No limitation on issuing or guaranteeing debt ranking senior to or *pari passu* with the Notes and no negative pledge

There are no restrictions under the Notes on the amount of debt which the Issuer or any member of the Group may incur or guarantee. The Issuer and its subsidiaries and affiliates may incur additional indebtedness or grant guarantees in respect of indebtedness of third parties, including indebtedness or guarantees that rank *pari passu* or senior to the obligations of the Issuer under or in connection with the Notes. If the Issuer's financial condition were to deteriorate, the Noteholders could suffer direct and materially adverse consequences including, if the Issuer were liquidated (whether voluntarily or involuntarily), loss by Noteholders of their entire investment in the Notes. In addition, the Notes do not contain any "negative pledge" or similar clause, meaning that the Issuer and/or its subsidiaries and affiliates may pledge its or their assets to secure other obligations without granting similar security in respect of the Notes in favour of the Noteholders.

Pursuant to article L.327-2 of the French *Code des assurances*, a lien (*privilège*) over the assets of the Issuer is granted for the benefit of the Issuer's policyholders. However, Noteholders, even if they are policyholders of the Issuer, do not have the benefit of such lien in relation to any amounts which may be due to them under the Notes.

Deferral of redemption, including at maturity, or any purchase by the Issuer would delay the effective redemption date

Notwithstanding that a notice of redemption has been delivered to Noteholders, the Notes may not be redeemed, including at maturity, or purchased by the Issuer pursuant to any of the redemption or purchase provisions under the Conditions unless the Conditions to Redemption and Purchase set out in Condition 6.9 are satisfied. In particular, no redemption of the Notes can take place if (subject to certain conditions) a Regulatory Deficiency (as defined in Condition 1 - Definitions) has occurred and is continuing on the due date for redemption (or such redemption would itself cause a Regulatory Deficiency) or an Insolvent Insurance Affiliate Winding-up (as defined in Condition 1 - Definitions) has occurred and is continuing on the date due for redemption (to the extent required under the Solvency II Regulations in order for the Notes to be treated under the Solvency II Regulations as "tier two" own funds regulatory capital).

The suspension of redemption of the Notes does not constitute a default under the Notes for any purpose and does not give Noteholders any right to take any enforcement action under the Notes or file any claim against the Issuer.

The inability to satisfy any of the Conditions to Redemption and Purchase may delay the date on which the Notes are effectively redeemed or even prevent the Notes from being redeemed and such actual or anticipated delay or prevention is likely to have a material adverse effect on the value of the Notes.

Furthermore, and unless as otherwise provided in the Solvency II Regulations, the Notes may not be redeemed in any circumstance prior to the fifth anniversary of the Issue Date, and in the case of a Withholding Tax Event or a Gross-up Event only, prior to the Relevant Anniversary Date, unless such redemption is funded out of the proceeds of a new issuance of own-funds capital of the same or higher quality as the Notes.

Optional redemption risk

Subject to the satisfaction of certain conditions, including the prior approval of the Relevant Supervisory Authority, the Notes may be redeemed in whole (but not in part), at the option of the Issuer at any time for certain taxation, rating methodology, accounting, clean-up or regulatory reasons (as set out in Conditions 6.2, 6.3, 6.4, 6.5 and 6.6).

Such redemption options will be made at the Redemption Amount, being the principal amount of the Notes together with interest accrued to the date of redemption (including, for the avoidance of doubt, any Arrears of Interest (if any) at such date).

The early redemption at the option of the Issuer may negatively affect the market value of the Notes. During any period when the Issuer may (or may be expected to) elect to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed.

There can be no assurance that, at the relevant time, Noteholders will be able to reinvest the amounts received upon redemption at a rate that will provide the same return as their investment in the Notes. Potential investors should consider reinvestment risk in light of other investments available at that time.

There are no events of default under the Notes

The Conditions of the Notes do not provide for events of default (except in case of liquidation of the Issuer) allowing acceleration of the Notes if certain events occur. Accordingly, if the Issuer fails to meet any obligations under the Notes, including the payment of any interest, investors will not have the right of acceleration of principal. Upon a payment default, the sole remedy available to Noteholders for recovery of amounts owing in respect of any payment of principal or interest on the Notes will be the institution of proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

As a result of the above, the value of the Notes or liquidity on the secondary market may be negatively affected.

Regulatory regime: Solvency II

The Notes are issued for capital adequacy regulatory purposes with the intention that all the proceeds of the Notes be eligible, (x) for the purpose of the determination of the Issuer's and the Combined Regulatory Group's solvency margin or capital adequacy levels under the Solvency II Regulations or (y) as tier two own funds regulatory capital (or whatever the terminology employed by the Solvency II Regulations) for the purposes of the determination of the Issuer's and the Combined Regulatory Group's regulatory capital under the Solvency II Regulations, except, in each case, as a result of the application of the limits on inclusion (on a solo or group-level basis) of such securities in, respectively, the Issuer's and the Combined Regulatory Group's solvency margin or own funds regulatory capital, as the case may be.

The Issuer's expectation of such eligibility is based on its review of available information at the date of this Prospectus relating to the implementation from 1 January 2016 of the Solvency II Directive in France by ordinance (*ordonnance*) no. 2015-378 dated 2 April 2015 completed by the decree (*décret*) no. 2015-513 dated 7 May 2015 and the order (*arrêté*) of the same date and the "level two" implementation measures set out in Commission Delegated Regulation (EU) 2015/35 of 10 October 2014 which entered into force on 18 January 2015 and Commission Delegated Regulation (EU) 2019/981 of 8 March 2019 which entered into force on 8 July 2019, as amended.

There can be no assurance that, following their initial publication, the "level two" implementation measures and "level three" guidance will not be amended. Moreover, there is uncertainty as to how regulators, including the Relevant Supervisory Authority, will interpret the Solvency II Directive as implemented in France, the 'level two' implementation measures and/or "level three" guidance and apply them to the Issuer or the Combined Regulatory Group. Moreover, there can be no assurance that, following their initial publication, the "level two" implementation measures and "level three" guidance will not be amended or that the ACPR will not change the way it interprets and applies these requirements to the French insurance industry.

Any such changes that may occur in the application of Solvency II in France subsequent to the date of this Prospectus and/or any subsequent changes to such rules and other variables may individually and/or in aggregate negatively affect the calculation of the Issuer's Solvency Capital Requirement (or, if different, whatever terminology is employed to denote such requirement by the then applicable Solvency II Regulations) and render the Issuer's regulatory capital requirements more onerous and thus increase the risk of deferral of Interest Payments and the occurrence of a Capital Disqualification Event and subsequent redemption of the Notes by the Issuer as a result of which a Noteholder could lose all or part of the value of their investment in the Notes.

The Issuer will not be required to redeem the Notes if it is prohibited by French law from paying additional amounts

In the event that the Issuer is required to withhold amounts in respect of French taxes from payments of interest on the Notes, the Terms and Conditions of the Notes provide that, subject to certain exceptions, the Issuer will pay additional amounts so that the Noteholders will receive the amount they would have received in the absence of such withholding as further described in the risk factor below entitled "*No gross-up obligation unless a Tax Alignment Event has occurred*". Under French tax law, there is some uncertainty as to whether the Issuer may pay such additional amounts. French debt instruments typically provide that, if an issuer is required to pay additional amounts but is prohibited by French law from doing so, the Issuer must redeem the debt instruments in full. Under Article 73.1(d) of the Commission delegated regulation (EU) 2015/35 of 10 October 2014, mandatory redemption

clauses are not permitted in a Tier 2 instrument such as the Notes. As a result, the Terms and Conditions of the Notes provide for redemption at the option of the Issuer in such a case (subject to approval of the Relevant Supervisory Authority), but not for mandatory redemption. If the Issuer does not exercise its option to redeem the Notes in such a case, Noteholders will receive less than the full amount due under the Notes, and the market value of the Notes will be adversely affected.

No gross-up obligation unless a Tax Alignment Event has occurred

If French law should require any withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will not pay such additional amounts as would be necessary for each Noteholder, after such withholding or deduction, to receive the full amount then due and payable thereon in the absence of such withholding or deduction unless a Tax Alignment Event has occurred and is continuing (as more fully described under "*Terms and Conditions of the Notes – Taxation*") and subject to the Relevant Anniversary Date having elapsed. In any event, no such additional amounts will be payable prior to the fifth (5th) anniversary of the Issue Date.

2.2 Risk factors relating to markets generally

Liquidity risks and market value of the Notes

The development or continued liquidity of any secondary market for the Notes will be affected by a number of factors such as general economic conditions, political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded, changes in the regulatory environment, in particular relating to regulatory capital requirements for insurance companies, the financial condition and the creditworthiness of the Issuer and/or the Group, as well as other factors such as the outstanding amount of the Notes, any redemption features of the Notes and the level, direction and volatility of interest rates generally. Such factors also will negatively affect the market value of the Notes. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and in extreme circumstances such investors could suffer loss of their entire investment.

No prior market for the Notes

There is currently no existing market for the Notes and, notwithstanding that application has been made for the Notes to be admitted to trading on Euronext Paris, there can be no assurance that any market will develop for the Notes or that Noteholders will be able to sell their Notes at all or easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. If additional and competing products or instruments are introduced in the markets, this may adversely affect the value of the Notes. There is no obligation to make a market in the Notes. Also, to the extent the Notes are purchased by the Issuer in part, the number of Notes outstanding will decrease, resulting in a diminished liquidity for the remaining Notes. A decrease in the liquidity of the Notes may cause, in turn, a significant increase in the volatility associated with the price of the Notes in the market.

No active secondary market

The Notes may be designed for specific investment objectives or strategies and therefore may have a more limited secondary market and experience more price volatility than conventional debt securities.

In addition, investors may not be able to sell Notes readily or at prices that will enable investors to realise their anticipated yield. No investor should purchase Notes unless the investor understands and is able to bear the risk that the Notes will not be readily sellable, that the value of Notes will fluctuate over time and that such fluctuations will be significant.

The price at which a Noteholder will be able to sell the Notes prior to redemption by the Issuer may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. The Issuer is entitled to buy the Notes, which shall then be cancelled or caused to be cancelled, and to issue further Notes which may or may not be assimilated to the Notes. Such transactions may favorably or adversely significantly

affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes and potentially to a great extent.

Interest rate risk for fixed rate notes

The Notes bear interest at a fixed rate of 2.125 per cent. per annum. Investment in such Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Notes. Generally, prices of fixed interest rate bonds tend to fall when market interest rates rise and accordingly are subject to volatility. Therefore, the price of the Notes at any particular time may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost upon any transfer of the Notes, so that the Noteholder in such case would not receive the total amount of the capital invested.

A Noteholder's actual yield on the Notes may be reduced from the stated yield by transaction costs

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the profit potential of the Notes. For instance, credit institutions as a rule charge their clients for own commissions which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional parties – domestic or foreign – are involved in the execution of an order, including, but not limited to, domestic dealers or brokers in foreign markets, Noteholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of securities (direct costs), Noteholders must also take into account any follow-up costs (such as custody fees). Investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than euro. These include the risk that exchange rates may significantly change (including changes due to devaluation of euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency or euro may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to euro would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors whose financial activities are carried out or dependent principally in a currency other than euro may receive less interest or principal than expected, or no interest or principal as measured in the Investor's Currency.

2.3 Legal risk factors

Regulatory actions against the Issuer or an insurer in the Group in the event of resolution could materially adversely affect the value of the Notes

On 28 November 2017, the ordinance no 2017-1608 of 27 November 2017 (the **Ordinance**) establishing a resolution framework for insurers (*Ordonnance no 2017-1608 du 27 novembre 2017 relative à la création d'un régime de résolution pour le secteur de l'assurance*) was published, setting out the French legal framework providing effective resolution strategies for French insurers, which applies as from 1st July 2019.

The Ordinance is designed to provide the ACPR with a credible set of tools to intervene in an institution that is failing or likely to fail (as defined in the Ordinance) so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of the institution's failure on the economy and financial system.

The Ordinance currently contains resolution tools which could be applied to the Issuer or any insurer within its Group: bridge institution, asset separation, intervention of an administrator (*administrateur de résolution*).

The implementation and applicability to the Issuer and the Group of such Ordinance and it implementing measures or the taking of any action pursuant to them could materially affect the rights of the holders of the Notes, the activity and financial condition of the Issuer and the Group, the value of the Notes and could lead to holders losing some or all of the value of their investment in such Notes.

For the avoidance of doubt, the resolution powers do not contain any bail-in power as for credit institutions under the bank recovery and resolution directive.

French Insolvency Law

Holders of Notes will be grouped automatically for the defence of their common interests in a Masse, as defined in Condition 12.1 – Representation of the Noteholders – the *Masse*.

However, under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the **Assembly**) in case of the opening in France of safeguard (*procédure de sauvegarde*), accelerated financial safeguard (*procédure de sauvegarde financière accélérée*), accelerated safeguard (*procédure de sauvegarde accélérée*) or a judicial reorganisation proceedings (*procédure de redressement judiciaire*) relating to the Issuer, in order to defend their common interests.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether issued on a standalone basis or under a debt issuance programme and regardless of their governing law. The Assembly deliberates on the draft safeguard plan (*projet de plan de sauvegarde*), accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*), accelerated safeguard plan (*projet de plan de sauvegarde accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling and/or partially or totally writing-off receivables in the form of debts securities;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give right to the share capital of the Issuer.

Decisions of the Assembly will be taken by a two-third majority calculated as a proportion of the debt securities held by the holders expressing a vote. No quorum is required for the convocation of the Assembly.

For the avoidance of doubt, the provisions relating to the representation of the Noteholders described in Condition 12 – Representation of the Noteholders will not be applicable in these circumstances.

The Relevant Supervisory Authority must approve in advance the opening of any safeguard, judicial reorganisation or liquidation procedures.

The procedures described above could have an adverse impact on the Noteholders seeking repayment in the event that the Issuer were to become insolvent.

Modification and waiver

The Noteholders will be grouped automatically for the defence of their common interests in a Masse, as defined in Condition 12 (*Representation of the Noteholders*), and a General Meeting can be held or Written Decisions can be taken. The Terms and Conditions of the Notes permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting or did not consent to the Written Decision or Noteholders who voted in a manner contrary to the relevant majority. Noteholders may through Collective Decisions adopt any proposal of resolutions relating to the modification of the Terms and Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which

were the subject of judicial decisions, as more fully described in Condition 12 (*Representation of the Noteholders*). If a decision is adopted by a majority of Noteholders and such modifications were to impair or limit the rights of the Noteholders, this may have a negative impact on the market value of the Notes.

ALTERNATIVE PERFORMANCE MEASURES

A number of the financial measures presented by the Issuer in the 2019 Half-year Financial Report, the 2018 Registration Document, the 2017 Registration Document, the 2019 Combined Interim Account, the 2018 Combined Accounts and the 2017 Combined Accounts incorporated by reference into this Prospectus at paragraphs (i) to (vi) of the section "Documents Incorporated By Reference" below are not defined in accordance with the IFRS accounting standards. However, the Issuer believes that these measures provide useful supplementary information to investors as they facilitate the evaluation of the Issuer's performance. It is to be noted that, since not all companies calculate financial measurements in the same manner, these are not always comparable to measurements used by other companies. Accordingly, these financial measures should not be considered as a substitute for those measures which are specifically defined and customarily used within the IFRS accounting framework. Unless otherwise stated, the list below presents alternative performance measures, along with an explanation of how the relevant measure can be reconciled with customarily used line items within the relevant accounting framework.

"Combined ratio" refers to the ratio of:

the total claims expense net of reinsurance and operating costs: to premiums earned net of reinsurance.

"Economic operating profit" corresponds to net profit adjusted for realised capital gains and losses, long-term impairment provision allocations and write-backs, and unrealised capital gains and losses on financial assets recognised at fair value (all such items are net of profit sharing and corporate income tax). Also adjusted are non-recurring items net of corporate income tax, impairment of value of business in force, impairment of goodwill (net of corporate income tax), and external financing expenses.

An analysis of the above measures accompanied by comparatives for the corresponding previous period is set out in section 1 of the 2019 Half-year Financial Report, section 6.1.4 (*Analysis of Financial Statements*) of the 2018 Registration Document and section 3 (*Analysis of Financial Statements*) of the 2018 Combined Accounts, in each case as defined in section "Documents Incorporated By Reference" below.

Title to the Notes shall be evidenced by entries in the books of Account Holders and will pass upon, and transfer of Notes may only be effected through, registration of the transfer in such books.

Status of the Notes:

The Notes are senior subordinated Notes. The subordination provisions of the Notes are governed by Article L. 228-97 of the French *Code de commerce*.

The obligations of the Issuer in respect of principal and interest under the Notes, constitute direct, unconditional, unsecured and ordinarily subordinated obligations of the Issuer and shall at all times rank *pari passu* among themselves and *pari passu* with any other present or future Senior Subordinated Obligations of the Issuer.

Subject to applicable law, in the event of the voluntary or judicial liquidation (*liquidation amiable* or *liquidation judiciaire*) of the Issuer, bankruptcy proceedings or any other similar proceedings affecting the Issuer or if the Issuer is liquidated for any other reason, the rights of Noteholders to payment under the Notes shall rank:

- (i) junior to the full payment of the unsubordinated creditors (including, for the avoidance of doubt, insurance companies and entities referred to in article R. 322-132 of the French *Code des assurances* reinsured by the Issuer and holders of insurance policies issued by such entities);
- (ii) junior to subordinated creditors whose claim is expressed by law or by contract to rank senior to Senior Subordinated Obligations;
- (iii) *pari passu* with any Senior Subordinated Obligations of the Issuer; and
- (iv) senior to any *prêts participatifs* granted to the Issuer or *titres participatifs* issued by the Issuer, any Deeply Subordinated Obligations and Mutual Certificates.

Deeply Subordinated Obligations means any present or future deeply subordinated obligations (*obligations subordonnées de dernier rang*) of the Issuer which rank, or are expressed to rank, junior to the Senior Subordinated Obligations of the Issuer.

Mutual Certificates means any mutual certificates (*certificats mutualistes*) that may be issued from time to time by the Issuer in accordance with articles L. 322-26-8 *et seq.* of the French *Code des assurances*.

Senior Subordinated Obligations means any present or future direct, unconditional, unsecured and ordinarily subordinated obligations of the Issuer which rank, or are expressed to rank, *pari passu* with the Notes.

Negative Pledge:

There will be no negative pledge in respect of the Notes.

Enforcement events:

There will be no events of default in respect of the Notes. However, each Note shall become immediately due and payable at its principal amount, together with accrued interest, if any, thereon up to the date of payment and any Arrears of Interest, in the event that an order is made or an effective resolution is passed for the liquidation (*liquidation amiable* or *liquidation judiciaire*) or the Issuer is liquidated for any other reason, in accordance with the provisions relating to the status of the Notes, or the sale of the whole business (*cession totale de l'entreprise*) subsequent to the opening of a judicial recovery procedure of the Issuer.

Interest:

Subject to the provisions of *Interest Deferral* below, each Note will bear interest on its Principal Amount at a fixed rate of 2.125 per cent. *per annum* (the **Interest Rate**) from and including the Issue Date. Interest is payable annually in arrear on 16 September in each year (each an **Interest Payment Date**), commencing on 16 September 2020 to and including the Redemption Date.

Interest Deferral:

On any Mandatory Interest Deferral Date, the Issuer will be obliged to defer payment of all (but not some only) the interest accrued (and, if relevant, any Arrears of Interest) in respect of the Notes during the relevant Interest Period and any such failure to pay shall not constitute a default by the Issuer for any purpose.

Any interest in respect of the Notes which has not been paid on a Mandatory Interest Deferral Date will be deferred and shall constitute **Arrears of Interest** and shall be payable as described below, it being specified that Noteholders shall not receive any additional interest or compensation for the mandatory deferral of payment. In particular, the resulting Arrears of Interest shall not bear interest.

All Arrears of Interest may, subject to the fulfilment of the Conditions to Payment (as defined below), at the option of the Issuer, be paid in whole or in part at any time provided that all Arrears of Interest in respect of all Notes for the time being outstanding shall become due and payable in full (whether or not the Conditions to Payment have been fulfilled) on whichever is the earliest of:

- (A) the next Interest Payment Date which is a Compulsory Interest Payment Date; or

- (B) the date of any redemption of the Notes in accordance with the provisions relating to redemption of the Notes; or
- (C) the date upon which a judgment is made for the voluntary or judicial liquidation (*liquidation amiable ou liquidation judiciaire*) of the Issuer or the Issuer is liquidated for any other reason, in accordance with the provisions relating to the status of the Note or the sale of the whole of the business (*cession totale de l'entreprise*) subsequent to the opening of a judicial recovery procedure of the Issuer.

For the purpose hereof:

Combined Regulatory Group means (i) each of the Groupama Regional Mutuals and (ii) the Consolidated Group, taken as a whole from time to time.

Compulsory Interest Payment Date means each Interest Payment Date which is not a Mandatory Interest Deferral Date.

Consolidated Group means the Issuer and its consolidated subsidiaries taken as a whole from time to time.

Conditions to Payment means the conditions referred to in items (i), (ii) and (iii) of the definition of Mandatory Interest Deferral Date which are satisfied cumulatively on any day with respect to any payment of accrued interest and Arrears of Interest, if any.

Mandatory Interest Deferral Date means each Interest Payment Date in respect of which the Noteholders have been notified that a Regulatory Deficiency has occurred and such Regulatory Deficiency is continuing (or is reasonably expected to continue) on such Interest Payment Date, or that the payment of all, or any part, of such interest payment (and, if relevant, any Arrears of Interest) due on such Interest Payment Date would itself cause a Regulatory Deficiency provided however, that the relevant Interest Payment Date will not be a Mandatory Interest Deferral Date in relation to such Interest Payment (and, if relevant, any such outstanding Arrears of Interest) (or such part thereof) if, cumulatively:

- (i) the Relevant Supervisory Authority has exceptionally waived the deferral of such Interest Payment (and, if relevant, any outstanding Arrears of Interest) if the Relevant Supervisory Authority is entitled to give such waiver in accordance with the Solvency II Regulations;

(ii) paying the Interest Payment (and, if relevant, any outstanding Arrears of Interest) does not further weaken the solvency position of the Issuer and/or Combined Regulatory Group as determined by the Issuer in accordance with the Solvency II Regulations; and

(iii) the Minimum Capital Requirement of the Issuer and the Combined Regulatory Group will be complied with immediately after the Interest Payment (and, if relevant, any outstanding Arrears of Interest) is made.

Prior Approval of the Relevant Supervisory Authority means, at any time, the prior written approval of the Relevant Supervisory Authority, if such approval is required at such time under any applicable Solvency II Regulations.

Regulatory Deficiency means:

(i) the own funds regulatory capital (or whatever the terminology employed by the Solvency II Regulations) of the Issuer or of the Combined Regulatory Group is not sufficient to cover the capital requirement (or whatever the terminology employed by the Solvency II Regulations) of the Issuer or, as the case may be, the Combined Regulatory Group and either a deferral of interest (and, if relevant, any outstanding Arrears of Interest) is required or a redemption or repayment of principal is prohibited under Solvency II Regulations in order for the Notes to qualify as "tier two" own funds regulatory capital (or whatever terminology is employed by the Solvency II Regulations). For the avoidance of doubt, a Regulatory Deficiency will be deemed to have occurred when either the Issuer or the Combined Regulatory Group fails to meet its Solvency Capital Requirement or Minimum Capital Requirement; or

(ii) the Relevant Supervisory Authority has notified the Issuer that it has determined, in view of the financial condition of the Issuer and/or the Combined Regulatory Group, that in accordance with applicable regulations at such time, the Issuer must take specified action in relation to the Notes and/or to payments thereunder; or

(iii) the Issuer admits it is, or is declared, unable to meet its liabilities as they fall due with its immediately disposable assets (*cessation des paiements*).

Relevant Supervisory Authority means any relevant regulator having jurisdiction over the Issuer and/or the Combined Regulatory Group, for the purposes of ensuring compliance by the Issuer and/or the Combined Regulatory Group with any applicable solvency margins, capital adequacy regulations, capital requirements or any other regulatory capital rules (including but not limited to the Solvency II Directive and the Solvency II Regulations). The current Relevant Supervisory Authority is the *Autorité de contrôle prudentiel et de résolution (ACPR)*.

Solvency II Directive means Directive 2009/138/EC of the European Union of 25 November 2009 on the taking-up and pursuit of the business of insurance and reinsurance (Solvency II), which has been transposed under French law by the ordinance (*ordonnance*) no. 2015-378 dated 2 April 2015 completed by the decree (*décret*) no. 2015-513 dated 7 May 2015 and the order (*arrêté*) of the same date (or, if the Issuer becomes domiciled in a jurisdiction of a member state of the European Economic Area other than France, which has been or must be transposed under the law of such jurisdiction pursuant to Article 309 of Directive 2009/138/EC (as amended, supplemented or re-enacted from time to time)), as amended from time to time.

Solvency II Regulations means the solvency margin, capital adequacy regulations, capital requirements or any other regulatory capital rules which are applicable in France (or if the Issuer becomes domiciled in a jurisdiction of a member state of the European Economic Area other than France, such other jurisdiction), including the Solvency II Directive (and any laws or regulations implementing the Solvency II Directive) and the guidelines and recommendations from time to time of the European Insurance and Occupational Pensions Authority (or any successor authority), as amended, supplemented or re-enacted from time to time and as applied and construed by the Relevant Supervisory Authority or an official application or interpretation of those regulations including a decision of a court or tribunal and applicable to the Issuer and the Combined Regulatory Group, which would lay down the requirements to be fulfilled by financial instruments for inclusion into their own funds regulatory capital (or whatever the terminology that may be retained).

Taxation - Additional Amounts:

All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of

the French Republic or any political subdivision or any authority thereof or therein having power to tax unless such withholding or deduction is required by law.

If French law should require any such withholding or deduction in respect of the Notes and provided a Tax Alignment Event has occurred and is continuing, the Issuer shall, to the extent permitted by law, pay such additional amounts as may be necessary so that each Noteholder, after such withholding or deduction, will receive the full amount then due and payable on each Note in the absence of such withholding or deduction (except in certain limited circumstances), provided that no such additional amounts shall be payable prior to the Relevant Anniversary Date (as defined in “Conditions to Redemption and Purchase” below).

A **Tax Alignment Event** will be deemed to have occurred if at any time the Issuer determines, in consultation with the Relevant Supervisory Authority, that the obligation to pay Additional Amounts would not cause the Notes no longer to be treated under Solvency II Regulations as “tier two” own funds regulatory capital (or whatever the terminology employed by the Solvency II Regulations) and gives not less than thirty (30) nor more than forty-five (45) calendar days’ notice of such fact to the Fiscal Agent and the Noteholders (which notice shall be in effect until the Issuer revokes a prior given notice by giving not less than thirty (30) nor more than forty-five (45) calendar days’ notice of such revocation to the Fiscal Agent and the Noteholders)

Redemption at maturity:

Subject to the Conditions to Redemption and Purchase, unless previously redeemed, purchased or cancelled, the Notes will be redeemed at their Redemption Amount on the Scheduled Maturity Date.

Early Redemption for Tax Reasons:

Subject to the Conditions to Redemption and Purchase, which includes the Prior Approval of the Relevant Supervisory Authority:

- (1) The Notes may be redeemed at their Redemption Amount at the option of the Issuer in whole, but not in part, at any time by giving not less than thirty (30) nor more than forty-five (45) calendar days’ notice to the Fiscal Agent and the Noteholders (which notice shall be irrevocable), if on the date of the next payment due under the Notes, a withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the French Republic or any political subdivision or any authority thereof or therein having power to tax is required (a **Withholding Tax Event**) as a result of (a) any change in, or

amendment to, the laws or regulations of France or any political subdivision of, or any authority in, or of, France having power to tax, or (b) any change in the application or official interpretation of such laws or regulations, in each case occurring or becoming effective on or after the Issue Date of the Notes, provided that the due date for redemption shall be no earlier than the latest practicable date on which the Issuer could make such payment without withholding or deduction for French taxes.

- (2) If the Issuer would on the date of the next payment due under the Notes be prevented by French law from making payment to the Noteholders of the full amount then due and payable (a **Gross-up Event**), and provided that this cannot be avoided by the Issuer taking reasonable measure available to it, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer may (but shall not be required to) redeem all, but not some only, of the Notes then outstanding, at their Redemption Amount, upon giving not less than seven (7) nor more than thirty (30) calendar days' irrevocable notice to the Noteholders, provided that the due date for redemption of which notice hereunder shall be given, shall be no earlier than the latest practicable date on which the Issuer could make payment without withholding or deduction for French taxes, or if such date is past, as soon as is practicable thereafter.
- (3) The Notes may be redeemed at the option of the Issuer in whole, but not in part, at their Redemption Amount, at any time by giving not less than 30 nor more than forty-five (45) calendar days' notice to the Fiscal Agent and the Noteholders (which notice shall be irrevocable), if on the date of the next payment due under the Notes, the part of the interest payable by the Issuer under the Notes that is tax-deductible is reduced (a **Tax Deductibility Event**) as a result of (a) any change in, or amendment to, the laws or regulations of France or any political subdivision of, or any authority in, or of, France having power to tax, or (b) any change in the application or official interpretation of such laws or regulations, in each case occurring or becoming effective on or after the Issue Date, provided that the due date for redemption shall be no earlier than the latest practicable date preceding the effective date on which the part of the interest payable under the Notes that is tax-deductible is reduced.

Prior to the giving of any notice of redemption pursuant to this paragraph (3), the Issuer shall deliver to the Fiscal Agent (x) a certificate signed by a

director of the Issuer stating that the part of the interest payable under the Notes that is tax-deductible is reduced as aforesaid and that the Issuer is entitled to effect such redemption and (y) an opinion of independent legal advisers of recognised standing to such effect.

Redemption for Regulatory Reasons:

If at any time the Issuer determines that a Capital Disqualification Event has occurred with respect to the Notes on or after the Issue Date, the Notes may be redeemed in whole but not in part at the option of the Issuer, at any time, subject to the Conditions to Redemption and Purchase, which includes the Prior Approval of the Relevant Supervisory Authority, at the Redemption Amount, provided that the due date for redemption shall be no earlier than the last day falling on or after the date on which the Notes can no longer be included in the tier two own funds regulatory capital of the Issuer and/or the Combined Regulatory Group.

Capital Disqualification Event means that, at any time whilst any of the Notes are outstanding, (i) the Issuer and/or the Combined Regulatory Group is/are subject to regulatory supervision by the Relevant Supervisory Authority, and (ii) the Issuer and/or the Combined Regulatory Group is/are no longer permitted by the Relevant Supervision Authority to treat the Notes (in whole or in part) as eligible (x) for the purpose of the determination of the Issuer's and/or the Combined Regulatory Group's solvency margin or capital adequacy levels under Solvency II Regulations and (y) as tier two own funds regulatory capital (or whatever the terminology employed by the Solvency II Regulations) for the purposes of the determination of the Issuer's and/or the Combined Regulatory Group's regulatory capital under the Solvency II Regulations, except, in each case, as a result of the application of the limits on inclusion (on a solo or, as the case may be, group-level basis) of such securities in, respectively, solvency margin or own funds regulatory capital.

Redemption for Rating Reasons:

If at any time the Issuer determines that a Rating Methodology Event has occurred with respect to the Notes on any date after the Issue Date, the Issuer may, having given not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Noteholders, elect, at any time, subject to the Conditions to Redemption and Purchase, which includes the Prior Approval of the Relevant Supervisory Authority, to redeem all, but not some only, of the Notes at the Redemption Amount.

Rating Agency means Fitch Ratings or any other rating agency of equivalent international standing (and their

respective successors or affiliates) solicited by the Issuer to grant a credit rating to the Issuer.

Rating Methodology Event means at any time, as a consequence of a change in, or clarification to, the rating methodology (or the interpretation thereof) on or after the Issue Date of, and by, the Rating Agency, the equity credit assigned by the Rating Agency to the Notes as at such time is materially reduced when compared to the equity credit assigned by the Rating Agency to the Notes at or around the date when the equity credit is assigned in the first instance.

Redemption for Accounting Reasons:

If at any time the Issuer determines that an Accounting Event has occurred with respect to the Notes on any date after the Issue Date, the Issuer may elect, at any time, subject to the Conditions to Redemption and Purchase, which includes the Prior Approval of the Relevant Supervisory Authority, to redeem all, but not some only, of the Notes at the Redemption Amount, provided that the due date for redemption of which notice may be given hereunder shall be no earlier than the last day prior to the date on which the Notes must not, or must no longer, be recorded as “liabilities” pursuant to IFRS or any other accounting standards that may replace IFRS for the purposes of the annual consolidated financial statements of the Issuer.

Accounting Event means that an opinion of a recognised accountancy firm of international standing (which may be the Issuer’s statutory auditors) has been delivered to the Issuer and the Fiscal Agent, confirming that the Notes must not, or must no longer, be recorded as “liabilities” pursuant to IFRS, or any other accounting standards that may replace the IFRS, for the purposes of the consolidated financial statements of the Issuer.

IFRS means, at any time, the International Financial Reporting Standards as implemented in the European Union.

Clean-up Redemption:

The Issuer may elect to redeem all, but not some only, of the Notes at any time after the Issue Date at their Redemption Amount if 80% (eighty per cent.) or more in aggregate Principal Amount of the Notes issued on the Issue Date (and, if applicable, on the relevant issue dates(s) of any further notes issued pursuant to Condition 13 (*Further Issues*)) has been purchased and cancelled at the time of such election.

Redemption Amount means an amount in Euros equal to the Principal Amount of the Notes and any accrued and unpaid interest and any Arrears of Interest up to the Redemption Date.

Conditions to Redemption and Purchase:

The Notes may not be redeemed or purchased pursuant to any of the redemption or purchase provisions referred to above, including on the Scheduled Redemption Date, if (i) a Regulatory Deficiency has occurred and is continuing on the due date for redemption or purchase (or such redemption or purchase would itself cause a Regulatory Deficiency), except if (a) the Relevant Supervisory Authority has exceptionally approved such redemption or purchase, (b) the Notes have been exchanged for or converted into another basic own-fund item of the Issuer of at least “tier two” own funds regulatory capital (or whatever the terminology employed by the Solvency II Regulations) of the Issuer and/or the Combined Regulatory Group and (c) the Minimum Capital Requirement is complied with after the redemption or purchase, and/or (ii) an Insolvent Insurance Affiliate Winding-up has occurred and is continuing on the date due for redemption or purchase (to the extent required under the Solvency II Regulations in order for the Notes to be treated under the Solvency II Regulations as “tier two” own funds regulatory capital (or whatever the terminology employed by the Solvency II Regulations) of the Issuer and/or the Combined Regulatory Group) except to the extent permitted under the Solvency II Regulations and with the Prior Approval of the Relevant Supervisory Authority, and/or (iii) the Issuer has not obtained the Prior Approval of the Relevant Supervisory Authority in respect of any such redemption or purchase (the **Conditions to Redemption and Purchase**).

Should a Regulatory Deficiency or an Insolvent Insurance Affiliate Winding-up occur or any Prior Approval of the Relevant Supervisory Authority be annulled, cancelled, rescinded, invalidated or suspended after a notice for redemption has been given to the Noteholders, such redemption notice shall become automatically void and notice of such fact shall be given promptly to the Noteholders by the Issuer and the Issuer shall not (and shall not be required to) redeem the Notes as provided by the redemption notice.

In addition, and unless as otherwise provided in the Solvency II Regulations:

(i) the Notes may not be redeemed upon the occurrence of a Rating Methodology Event, an Accounting Event or a Clean-up redemption or may not be purchased prior to the fifth (5th) anniversary of the Issue Date, unless the redemption or purchase has been funded out of the proceeds of a new issuance of own-funds regulatory capital of at least the same quality as the Notes;

(ii) the Notes may not be redeemed upon the occurrence of a Capital Disqualification Event prior to the fifth (5th)

anniversary of the Issue Date, unless (i) the Notes are replaced by other own funds regulatory capital of at least the same quality or (ii) (x) the Relevant Supervisory Authority has confirmed to the Issuer that it is satisfied that, after the redemption of the Notes, the Solvency Capital Requirement will be exceeded by an appropriate margin (taking into account the solvency position of the Issuer (including the Issuer's medium-term capital management plan) and/or the Combined Regulatory Group) and (y) the Issuer demonstrates to the satisfaction of the Relevant Supervisory Authority that the Capital Disqualification Event was not reasonably foreseeable at the time of the issuance of the Notes and (z) the Relevant Supervisory Authority considers such change in the regulatory classification of the Notes to be sufficiently certain;

(iii) the Notes may not be redeemed (A) upon the occurrence of a Tax Deductibility Event prior to the fifth (5th) anniversary of the Issue Date and (B) upon the occurrence of a Withholding Tax Event or a Gross-up Event prior to the Relevant Anniversary Date, unless, in each case, (i) the Notes are replaced by other own funds regulatory capital of at least the same quality or (ii) (x) the Relevant Supervisory Authority has confirmed to the Issuer that it is satisfied that, after the redemption of the Notes, the Solvency Capital Requirement will be exceeded by an appropriate margin (taking into account the solvency position of the Issuer (including the Issuer's medium-term capital management plan) and/or the Combined Regulatory Group) and (y) the Issuer demonstrates to the satisfaction of the Relevant Supervisory Authority that the Tax Deductibility Event, the Withholding Tax Event or, as the case may be, the Gross-up Event is material and was not reasonably foreseeable at the time of the issuance of the Notes.

Insolvent Insurance Affiliate Winding-up means:

(i) the winding-up (or equivalent under the law of any relevant jurisdiction) of any Insurance Undertaking or Reinsurance Undertaking within the Consolidated Group; or

(ii) the appointment of an administrator of any Insurance Undertaking or Reinsurance Undertaking within the Consolidated Group,

in each case, where the Issuer has determined, acting reasonably and in consultation with the Relevant Supervisory Authority, that the assets of that Insurance Undertaking or Reinsurance Undertaking within the Consolidated Group may or will not be sufficient to meet all claims of the policyholders pursuant to a contract of insurance or re-insurance of that Insurance Undertaking or Reinsurance Undertaking which is

subject to a winding-up or administration (or, as aforesaid, equivalent) process (and for these purposes, the claims of policyholders pursuant to a contract of insurance (or re-insurance) shall include all amounts to which policyholders are entitled under applicable legislation or rules relating to the winding-up of Insurance Undertakings or Reinsurance Undertakings that reflect any right to receive or expectation of receiving benefits which policyholders may have).

Insurance Undertaking has the meaning ascribed to it in the Solvency II Directive.

Redemption Alignment Event will be deemed to have occurred if, at any time before the Redemption Date, the Issuer determines, in consultation with the Relevant Supervisory Authority, that the option to redeem the Notes upon the occurrence of a Withholding Tax Event from the fifth (5th) anniversary of the Issue Date without such redemption being funded out of the proceeds of a new issuance of own-funds capital of the same quality as, or higher quality than, the Notes would not cause the Notes no longer to be treated under the Solvency II Regulations as “tier two” own funds regulatory capital (or whatever the terminology employed by the Solvency II Regulations at any relevant time) of the Issuer and/or the Combined Regulatory Group and gives not less than thirty (30) nor more than forty-five (45) calendar days’ notice of such determination to the Fiscal Agent and the Noteholders.

Reinsurance Undertaking has the meaning ascribed to it in the Solvency II Directive.

Relevant Anniversary Date means the tenth (10th) anniversary of the Issue Date, provided however that Relevant Anniversary Date shall mean the fifth (5th) anniversary of the Issue Date if a Redemption Alignment Event (in the case of a redemption) or a Tax Alignment Event (in the case of payment of Additional Amounts) has occurred.

Miscellaneous:

The Issuer, any of its subsidiaries and/or any member of the Combined Regulatory Group, may at any time purchase any Notes for cash consideration or otherwise (including, without limitation, by means of exchange) in the open market or otherwise, at any price and on any conditions, in accordance with any applicable laws and regulations and subject to the Issuer having given prior written notice to, and receiving no objections from the Relevant Supervisory Authority (if such notice is required at such time). All Notes so purchased by the Issuer may (i) be held and resold in accordance with applicable laws and regulations or (ii) cancelled.

All Notes which are redeemed or purchased for cancellation by or on behalf of the Issuer will forthwith be cancelled (together with rights to interest and any other amount (including Arrears of Interest)) by transfer to an account in accordance with the rules and procedures of Euroclear France, and accordingly may not be reissued or resold.

Representation of Noteholders:

The Noteholders will be grouped automatically for the defence of their respective common interests in a *masse* governed by the provisions of the French *Code de commerce* subject to certain exceptions and provisions (the **Masse**). The Masse will be a separate legal entity, and will be acting in part through one representative and in part through collective decisions of the Noteholders.

Application has been made for the Notes to be admitted to trading on Euronext Paris as from their issue date.

There are certain restrictions on the offer and sale of Notes and the distribution of offering material relating thereto in various jurisdictions. See "Subscription and Sale".

1. DEFINITIONS

1.1 Definitions

For purposes hereof, the following definitions shall apply:

Account Holder shall mean any authorised intermediary institution entitled to hold, directly or indirectly, accounts on behalf of its customers with Euroclear France, and includes Clearstream Banking S.A. (**Clearstream**) and Euroclear Bank SA/NV (**Euroclear**).

Accounting Event means that an opinion of a recognised accountancy firm of international standing (which may be the Issuer's statutory auditors) has been delivered to the Issuer and the Fiscal Agent, confirming that the Notes must not, or must no longer, be recorded as "liabilities" pursuant to IFRS, or any other accounting standards that may replace the IFRS, for the purposes of the consolidated financial statements of the Issuer.

Actual/Actual (ICMA) means:

All Notes so purchased by the Issuer may be (i) held and resold in accordance with applicable laws and regulations or (ii) cancelled.

6.8 Cancellation

All Notes which are redeemed or purchased for cancellation by or on behalf of the Issuer will forthwith be cancelled (together with all rights to interest and any other amount (including Arrears of Interest)) by transfer to an account in accordance with the rules and procedures of Euroclear France, and accordingly may not be reissued or resold.

6.9 Conditions to Redemption and Purchase

The Notes may not be redeemed or purchased pursuant to any of the redemption or purchase provisions contained in this Condition 6 (*Redemption and Purchase*), including on the Scheduled Maturity Date, if:

- (i) a Regulatory Deficiency has occurred and is continuing on the due date for redemption or purchase (or such redemption or purchase would itself cause a Regulatory Deficiency), except if
 - (a) the Relevant Supervisory Authority has exceptionally approved such redemption or purchase,
 - (b) the Notes have been exchanged for or converted into another basic own-fund item of the

Issuer of at least “tier two” own funds regulatory capital (or whatever the terminology employed by the Solvency II Regulations) of the Issuer and/or the Combined Regulatory Group and (c) the Minimum Capital Requirement of the Issuer and the Combined Regulatory Group is complied with after the redemption or purchase; and/or

- (ii) an Insolvent Insurance Affiliate Winding-up has occurred and is continuing on the date due for redemption or purchase (to the extent required under the Solvency II Regulations in order for the Notes to be treated under the Solvency II Regulations as “tier two” own funds regulatory capital (or whatever the terminology employed by the Solvency II Regulations) of the Issuer and/or the Combined Regulatory Group). Notwithstanding that an Insolvent Insurance Affiliate Winding-up may have occurred and be continuing on the date due for redemption or purchase, the Notes may still be redeemed or purchased on such date to the extent permitted under, and in accordance with, the Solvency II Regulations and provided that, on or prior to such date, the Prior Approval of the Relevant Supervisory Authority has been exceptionally given with respect to the relevant redemption or purchase of the Notes; and/or
- (iii) the Issuer has not obtained the Prior Approval of the Relevant Supervisory Authority in respect of any such redemption or purchase,

(together, the **Conditions to Redemption and Purchase**).

Should a Regulatory Deficiency or an Insolvent Insurance Affiliate Winding-up occur or any Prior Approval of the Relevant Supervisory Authority be annulled, cancelled, rescinded, invalidated or suspended after a notice for redemption has been given to the Noteholders pursuant to this Condition 6 (*Redemption and Purchase*), such redemption notice shall become automatically void, notice of such fact shall be given promptly to the Noteholders by the Issuer in accordance with Condition 9 (*Notices*) and the Issuer shall not (and shall not be required to) redeem the Notes as provided by such redemption notice, provided that, for the avoidance of doubt, the Issuer shall be entitled to publish a new notice exercising any such redemption subject to the same relevant notice periods once the Conditions to Redemption and Purchase become satisfied.

In addition, and unless as otherwise provided in the Solvency II Regulations:

- (i) the Notes may not be redeemed or purchased pursuant to Condition 6.3 (*Redemption for Rating Reasons*), Condition 6.5 (*Redemption for Accounting Reasons*), Condition 6.6 (*Clean-up Redemption*) or Condition 6.7 (*Purchases*) respectively, prior to the fifth (5th) anniversary of the Issue Date, unless the redemption or purchase has been funded out of the proceeds of a new issuance of own-funds regulatory capital of at least the same quality as the Notes;
- (ii) the Notes may not be redeemed pursuant to Condition 6.4 (*Redemption for Regulatory Reasons*) prior to the fifth (5th) anniversary of the Issue Date, unless (i) the Notes are replaced by other own funds regulatory capital of at least the same quality or (ii) (x) the Relevant Supervisory Authority has confirmed to the Issuer that it is satisfied that, after the redemption of the Notes, the Solvency Capital Requirement will be exceeded by an appropriate margin (taking into account the solvency position of the Issuer (including the Issuer’s medium-term capital management plan) and/or the Combined Regulatory Group) and (y) the Issuer demonstrates to the satisfaction of the Relevant Supervisory Authority that the Capital Disqualification Event was not reasonably foreseeable at the time of the issuance of the Notes and (z) the Relevant Supervisory Authority considers such change in the regulatory classification of the Notes to be sufficiently certain;
- (iii) the Notes may not be redeemed (A) pursuant to Condition 6.2(c) prior to the fifth (5th) anniversary of the Issue Date and (B) pursuant to Conditions 6.2(a) or 6.2(b) prior to the Relevant Anniversary Date, unless, in each case, (i) the Notes are replaced by other own funds regulatory capital of at least the same quality or (ii) (x) the Relevant Supervisory Authority has confirmed to the Issuer that it is satisfied that, after the redemption of the Notes, the Solvency

Capital Requirement will be exceeded by an appropriate margin (taking into account the solvency position of the Issuer (including the Issuer's medium-term capital management plan) and/or the Combined Regulatory Group) and (y) the Issuer demonstrates to the satisfaction of the Relevant Supervisory Authority that the Tax Deductibility Event, the Withholding Tax Event or, as the case may be, the Gross-up Event is material and was not reasonably foreseeable at the time of the issuance of the Notes.

Except as otherwise provided above, any redemption (other than on the Scheduled Maturity Date) shall have been notified by the Issuer having given not more than sixty (60) nor less than thirty (30) calendar day's prior notice to the Noteholders (which notice shall be irrevocable and shall specify the actual Redemption Date and the Redemption Amount per Note). Such notice must state the facts which establish the right of the Issuer to redeem the Notes.

6.10 Notice of deferral of redemption

If practicable under the circumstances, the Issuer will give not less than five (5) nor more than thirty (30) Business Days' prior notice to the Noteholders in accordance with Condition 9 (*Notices*) of any deferral of the redemption of the Notes. This notice will not be a condition to the deferral of redemption. Any delay or failure by the Issuer to give such notice shall not affect the deferral described above.

7. TAXATION

- (a) All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the French Republic or any political subdivision or any authority thereof or therein having power to tax unless such withholding or deduction is required by law.
- (b) If French law should require any such withholding or deduction in respect of the Notes and provided a Tax Alignment Event has occurred and is continuing, the Issuer shall, to the extent permitted by law, pay such additional amounts as may be necessary so that each Noteholder, after such withholding or deduction, will receive the full amount then due and payable on each Note in the absence of such withholding or deduction (**Additional Amounts**), except that no such Additional Amounts shall be payable with respect to any Note, as the case may be:
 - (i) to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, by reason of his having some connection with the Republic of France other than the mere holding of the Note; or
 - (ii) where such Additional Amounts are due in respect of any payment under the Notes and payable prior to the Relevant Anniversary Date.
- (c) As soon as reasonably practicable after the Issuer becomes aware that a Withholding Tax Event has occurred or will occur in respect of any date on which the Issuer is required to pay any interest under the Notes, the Issuer will make the determination referred to in the definition of Tax Alignment Event and shall notify the Noteholders in accordance with the provisions of Condition 9 (*Notices*) and the Fiscal Agent of the result of each such determination.

8. ENFORCEMENT EVENTS

There will be no events of default in respect of the Notes. However, each Note shall become immediately due and payable at its Principal Amount, together with accrued interest thereon, if any, to the date of payment and any outstanding Arrears of Interest, in the event that an order is made or an effective resolution is passed for the liquidation (*liquidation amiable or liquidation judiciaire*) of the Issuer, or the Issuer is liquidated for any other reason, in accordance with the provisions contained in Condition 3

(*Status of the Notes*), or the sale of the whole business (*cession totale de l'entreprise*) subsequent to the opening of a judicial recovery procedure of the Issuer.

9. NOTICES

Notices required to be given to the Noteholders pursuant to these Conditions shall be validly given by delivery of the relevant notice to Euroclear, Euroclear France, Clearstream and any other clearing system through which the Notes are for the time being cleared and shall be published on the website of the Issuer (www.groupama.com).

Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which such publication is made.

10. ADMISSION TO TRADING

The Issuer will use its reasonable efforts to have the Notes admitted to trading on the regulated market of Euronext Paris and to maintain such admission to trading during the whole life of the Notes (the last trading day will be the third Business Day prior to the date on which the Notes will be fully redeemed).

11. PRESCRIPTION

Claims against the Issuer for the payment of principal and interest (including, for the avoidance of doubt, any Arrears of Interest) in respect of Notes will become prescribed within a period of presently ten (10) years (in the case of the principal) and within five (5) years (in the case of interest) in each case from the appropriate relevant due date for payment thereof.

12. REPRESENTATION OF THE NOTEHOLDERS

12.1 The Masse

The Noteholders will be grouped automatically for the defence of their respective common interests in a *masse* (hereinafter referred to as the **Masse**).

The Masse will be governed by the provisions of Articles L.228-46 *et seq.* of the French *Code de commerce* with the exception of Article L. 228-71 and R. 228-79 of the French *Code de commerce* and as supplemented by the conditions set forth below.

12.2 Legal Personality

The Masse will be a separate legal entity, by virtue of Article L.228-46 of the French *Code de commerce* acting in part through a representative (the **Representative**) and in part through collective decisions of Noteholders (the **Collective Decisions**).

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue with respect to the Notes.

12.3 Representative

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representative:

- (i) the Issuer, the members of its Board of Directors, its *Directeurs Généraux*, its statutory auditors and its employees and their ascendants, descendants and spouses;
- (ii) companies possessing at least ten (10) per cent. of the share capital of the Issuer or of which the Issuer possesses at least ten (10) per cent. of the share capital;
- (iii) companies guaranteeing all or part of the obligations of the Issuer; and

- (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing a business in whatever capacity.

The initial Representative shall be:

DIIS GROUP
12 rue Vivienne
75002 Paris
France

Email: rmo@diisgroup.com

In the event of death, incapacity, retirement or revocation of the Representative, a replacement representative will be elected by a Collective Decision of Noteholders.

All interested parties will at all times have the right to obtain the name and the address of the Representative at the head office of the Issuer and at the offices of the Fiscal Agent.

12.4 Powers of the Representative

The Representative shall, in the absence of any Collective Decision to the contrary, have the power to take all acts of management to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them in order to be justifiable, must be brought against the Representative or by it, and any legal proceedings which shall not be brought in accordance with this provision shall not be legally valid.

The Representative may not interfere in the management of the affairs of the Issuer.

12.5 Collective Decisions

Collective Decisions are adopted either in a general meeting (the **General Meeting**) or by consent following a written consultation (the **Written Decision**).

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Account Holder or the Issuer of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

Collective Decisions must be published in accordance with Condition 12.10.

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of the Notes.

12.6 General Meetings

General Meetings of Noteholders may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth (1/30) of the Principal Amount of the Notes outstanding may address to the Issuer and the Representative a demand for convocation of the General Meeting. If such General Meeting has not been convened within two (2) months after such demand, such Noteholders may commission one of themselves to petition the competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least one fifth (1/5) of the Principal Amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions of the General Meetings shall be taken by a two-thirds (2/3) majority of votes held by the Noteholders attending such General Meeting or represented thereat.

Notice of the date, time, place, agenda and quorum requirements of any General Meeting will be published as provided under Condition 12.10 not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less than five (5) calendar days prior to the date of the General Meeting on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy by correspondence or by visioconference or by any other means of telecommunication allowing the participation of the Noteholders. Each Note carries the right to one vote.

Each Noteholder or representative thereof will have the right to consult or make a copy of the text of the resolutions which will be proposed and of the reports, if any, which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting, during the fifteen (15) calendar day period preceding the holding of the General Meeting on first convocation, or during the five (5) calendar day period preceding the holding of the General Meeting on second convocation.

12.7 Written Decision

At the initiative of the Issuer or the Representative, Collective Decisions may also be taken by a Written Decision.

Such Written Decision shall be signed by or on behalf of Noteholders holding not less than 66.67% of the Notes without having to comply with formalities and time limits referred to in Condition 12.6. Any such decision shall, for all purposes, have the same effect as a resolution passed at a General Meeting of such Noteholders. Such Written Decision may be contained in one document or in several documents in like form each signed by or on behalf of one or more of such Noteholders or may be given by way of electronic communication allowing the identification of Noteholders pursuant to Article L. 228-46-1 of the French *Code de commerce*, and shall be published in accordance with Condition 12.10.

12.8 Exclusion of certain provisions of the French Code de commerce

The provisions of Article L.228-65 I. 1°, 3° et 4° of the French *Code de commerce* (respectively providing for a prior approval of the General Meeting of the Noteholders of any change in corporate purpose or form of the Issuer, merger or dermerger of the Issuer or of an issue of bonds benefiting from a security (*sûreté réelle*)) and the related provisions of the French *Code de commerce* shall not apply to the Notes.

12.9 Expenses

The Issuer will pay all reasonable expenses incurred in the operation of the Masse, including expenses relating to the calling and holding of Collective Decisions and the expenses which arise by virtue of the remuneration of the Representative, and more generally all administrative expenses resolved upon by Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

For the avoidance of doubt, in this Condition 12 "outstanding" shall not include those Notes purchased by the Issuer that are held by it and not cancelled in accordance with applicable laws and regulations.

12.10 Notices to Noteholders

Any notice to be given to Noteholders in accordance with this Condition 12 shall be given in accordance with Condition 9 (*Notices*).

13. FURTHER ISSUES

The Issuer may from time to time without the consent of the Noteholders issue further notes to be assimilated and form a single series (*assimilées*) with the Notes as regards their financial service, provided that such further notes and the Notes shall carry rights identical in all respects (or in all respects except for the first payment of interest thereon) and that the terms of such further notes shall provide for such

assimilation. In the event of such assimilation, the Noteholders and the holders of any assimilated (*assimilées*) notes will for the defence of their common interests be grouped in a single Masse having legal personality.

14. WAIVER OF SET-OFF

No Noteholder may at any time exercise or claim any Waived Set-Off Rights against any right, claim, or liability the Issuer has or may have or acquire against such Noteholder, directly or indirectly, howsoever arising (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to the Notes) and each such Noteholder shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities.

For the avoidance of doubt, nothing in this Condition 14 is intended to provide or shall be construed as acknowledging any right of deduction, set-off, netting, compensation, retention or counterclaim or that any such right is or would be available to any Noteholder but for this Condition 14.

For the purposes of this Condition 14, **Waived Set-Off Rights** means any and all rights of or claims of any Noteholder for deduction, set-off, netting, compensation, retention or counterclaim arising directly or indirectly under or in connection with any such Note.

15. GOVERNING LAW AND JURISDICTION

The Notes are governed by and shall be construed in accordance with the laws of the Republic of France.

Any action against the Issuer in connection with the Notes will be submitted to the exclusive jurisdiction of the competent courts in Paris.

USE OF PROCEEDS

The Notes are issued in order to strengthen the Issuer's capital and the net proceeds of the Notes will be used for general corporate purposes.

TAXATION

The following is a summary of certain withholding tax considerations relating to the Notes. This summary is based on the laws in force in France as of the date of this Prospectus and is subject to any change in law and/or interpretation thereof, possibly with a retroactive effect. It does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of, the Notes. Each prospective holder or beneficial owner of Notes should consult its own tax adviser as to the tax consequences of any investment in, or ownership and disposal of, the Notes applicable in France or elsewhere.

France

Payments made outside France

The following is a summary of certain French withholding tax considerations relevant to holders of the Notes who do not concurrently hold shares of the Issuer.

Payments of interest and other assimilated revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a **Non-Cooperative State**) other than those mentioned in 2° of 2 *bis* of the same Article 238-0 A. If such payments under the Notes are made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts*, a 75% withholding tax will be applicable by virtue of Article 125 A III of the French *Code général des impôts* (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty).

Furthermore, in application of Article 238 A of the French *Code général des impôts*, interest and other assimilated revenues on such Notes will not be deductible from the Issuer's taxable income if they are paid or accrued to persons established or domiciled in a Non-Cooperative State or paid onto an account held with a financial institution established in such a Non-Cooperative State (the **Deductibility Exclusion**). Under certain conditions, any such non-deductible interest and other assimilated revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq.* of the French *Code général des impôts*, in which case such non-deductible interest and other assimilated revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at a rate of (i) 12.8% for payments benefiting individuals who are not French tax residents (ii) 30% (to be aligned on the standard corporate income tax rate set forth in Article 219-I of the French *Code général des impôts* for financial years beginning as from 1 January 2020) for payments benefiting legal persons who are not French tax residents or (iii) 75% for payments made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts* (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty).

Notwithstanding the foregoing, neither the 75% withholding tax set out under Article 125 A III of the French *Code général des impôts* nor, to the extent the relevant interest and other assimilated revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion nor the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts* that may be levied as a result of such Deductibility Exclusion, will apply in respect of the Notes if the Issuer can prove that the main purpose and effect of the issue of the Notes was not that of allowing the payments of interest or other assimilated revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211, BOI-RPPM-RCM-30-10-20-40-20140211 and BOI-IR-DOMIC-10-20-20-60-20150320, the Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Notes, if the Notes are *inter alia*:

- (i) admitted to trading on a French or foreign regulated market or multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider or any other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or

- (ii) admitted, at the time of their issue, to the operations of a central depository or of a securities delivery and payment systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Consequently, payments of interest and other revenues made by the Issuer under the Notes are not subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Payments made to individuals fiscally domiciled in France

Pursuant to Article 125 A I of the French *Code général des impôts*, where the paying agent (*établissement payeur*) is established in France and subject to certain exceptions, interest and similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and solidarity levy) are also levied by way of withholding at an aggregate rate of 17.2% on such interest and similar revenues paid to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France, subject to certain exceptions.

SUBSCRIPTION AND SALE

J.P. Morgan Securities plc, BNP Paribas, Citigroup Global Markets Limited, Crédit Agricole Corporate and Investment Bank, HSBC Bank plc and Natixis (the **Joint Bookrunners**) have pursuant to a subscription agreement dated 12 September 2019 (the **Subscription Agreement**) jointly and severally agreed with the Issuer, subject to satisfaction of certain conditions, to subscribe or procure subscribers for the Notes at a price equal to 98.962 per cent. of their principal amount, less an amount of commission agreed between the Issuer and the Joint Bookrunners. The Issuer has agreed to reimburse the Joint Bookrunners for certain of their expenses in connection with the issue of the Notes. The Subscription Agreement entitles the Joint Bookrunners to terminate it in certain circumstances prior to payment being made to the Issuer.

General Restrictions

No action has been or will be taken in any country or jurisdiction that would permit an offer to the public of the Notes, or the possession or distribution of this Prospectus or any other offering material relating to the Notes, in any country or jurisdiction where action for that purpose is required. Accordingly, any Notes may not be offered or sold, directly or indirectly, and neither this Prospectus nor any circular, prospectus, form of application, advertisement or other offering material relating to the Notes may be distributed in or from, or published in, any country or jurisdiction except under circumstances that will result in compliance with any applicable laws and regulations.

Republic of France

Each Joint Bookrunner and the Issuer have represented and agreed that they have only offered or sold and will only offer or sell, directly or indirectly, any Notes to the public in France pursuant to an exemption under Article 1(4) of the Prospectus Regulation and that the Prospectus or any other offering material relating to the Notes and such offers, sales and distributions have been and will be made in France only to qualified investors (*investisseurs qualifiés*) (with the exception of individuals), as defined in Regulation (EU) 2017/1129 (the **Prospectus Regulation**) as amended and any applicable French laws and regulations implementing the Prospectus Regulation and related regulations in France.

Prohibition of Sales to European Economic Area Retail Investors

Each of the Joint Bookrunner has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes to any retail investor in the EEA.

For the purposes of this provision, the expression “retail investor” means a person who is one (or more) of the following:

- (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
- (ii) a customer within the meaning of Directive 2016/97/EU, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

Republic of Italy

The offering of the Notes has not been registered with the *Commissione Nazionale per le Società e la Borsa* (**CONSOB**) pursuant to Italian securities legislation and, accordingly, no Notes may be offered, sold or delivered, nor may copies of the Prospectus or of any other document relating to the Notes be distributed in the Republic of Italy (**Italy**), except:

- (i) to qualified investors (*investitori qualificati*), as defined pursuant to Article 2 of Regulation (EU) No. 1129 of 14 June 2017 (the **PD Regulation**) and any applicable provision of Legislative Decree No. 58 of 24 February 1998, as amended (the **Financial Services Act**) and/or Italian CONSOB regulations; or

- (ii) in other circumstances which are exempted from the rules on public offerings pursuant to Article Article 1 of the PD Regulation, Article 34-ter of CONSOB Regulation No. 11971 of 14 May 1999, as amended from time to time, and the applicable Italian laws.

Any offer, sale or delivery of the Notes or distribution of copies of this Prospectus or any other document relating to the Notes in the Republic of Italy under (i) or (ii) above must:

- a) be made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Italian Financial Services Act, CONSOB Regulation No.20307 of 15 February 2018 (as amended from time to time) and Legislative Decree No. 385 of 1 September 1993, as amended (the **Banking Act**); and
- b) comply with any other applicable laws and regulations or requirement imposed by CONSOB, the Bank of Italy (including the reporting requirements, where applicable, pursuant to Article 129 of the Banking Act and the implementing guidelines of the Bank of Italy, as amended from time to time) and/or any other Italian authority.

United States

The Notes have not been and will not be registered under U.S. Securities Act of 1933, as amended (the **Securities Act**) and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in a certain transaction not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act (**Regulation S**).

Each Joint Bookrunner has represented and agreed that it will not offer or sell Notes (a) as part of their distribution at any time or (b) otherwise until forty (40) days after the completion of the distribution, as determined and certified by the relevant Joint Bookrunner, of all Notes within the United States or to, or for the account or benefit of, U.S. persons. Each Joint Bookrunner has further agreed that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S.

Until forty (40) days after the commencement of the offering of the Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

United Kingdom

Each Joint Bookrunner has represented and agreed that:

- (i) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the **FSMA**)) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (ii) it has complied and will comply with all applicable provision of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.
